My name is Jesús Rubén Acosta Guerrero, I am 20 years old and I live in the city of Chihuahua in Mexico. I really like the idea of learning new things and working on projects that help me in my personal growth.

I have advanced programming skills, especially in web frontend and backend.

Student at the Instituto Tecnológico de Chihuahua 2, currently in 5th semester. Fullstack Specialty

### Experience:

- Freelance Web Designer, I created pages for local businesses, adapted to their needs.

More about my projects in my web portfolio.
